Jobs and Internships in Geography

For Geography/GIS internship, job and graduate school postings and information, please see the following websites:

AAG Careers in Geography

Geography, Earth and Environmental Sciences Employability Profiles Resource

GIS Jobs Clearinghouse
A widely used resource for current GIS jobs. Also check http://www.gjc.org/links.html for other GIS job sources, and http://www.gisjobs.com/resources.html#gis_employment for a multitude of GIS resources.

UW’s Program On the Environment
A wide-ranging list of environmental jobs and internships

UCLA’s resources for jobs and internships in international development
An excellent source for current jobs, internships and career paths in development studies in governmental and non-governmental organizations.
